Subject: REMINDER - Invitation to 23rd Cochrane Colloquium- Evidence Based Toxicology Handbook Meeting

[EBT-Handbook-CC 2015.docx](#)

[EBT-COVER LETTER-CC 2015.docx](#)

Dear Colleagues,

Over the past several years, we have been working with the Cochrane Collaboration and colleagues around the world on developing consensus based methods to incorporate evidence based approaches for toxicology. We would like to involve you for your extraordinary expertise and we would be delighted if you could take part to the meeting we are scheduling in the upcoming 23rd Cochrane Colloquium, October 3rd-7th, 2015 (Vienna, Austria).

<https://colloquium.cochrane.org/>

The meeting is currently scheduled for Wednesday 7 October 2015 - 17:45 to 19:00 CEST (exact time and date will be confirmed in the following weeks):

<https://colloquium.cochrane.org/meetings/evidence-based-toxicology-handbook>

This is a closed meeting where only distinguished experts in Evidence Based Toxicology and related fields are invited. The handbook aims to be a solid and reliable guide for future chemical and food safety evaluations. Please read the attached cover letter and working groups.

Unfortunately, there is no support for travel or other costs for attending this meeting as is the practice of the Cochrane Collaboration given its community basis. We hope that you can attend this meeting, because your expertise will be precious for a successful and effective translation of evidence based principles in toxicology. Please inform us as soon as possible for purposes of our planning.

Thank you and looking forward to seeing you in Vienna.

Best Regards,

Ellen K Silbergeld
